

# WORD LISTS

---

The lists below show two types of words—those that children can decode and encode and nondecodable Memory Words (highlighted) that children learn to recognize by sight. You can use these lists

to provide additional practice with or assess decoding, encoding, handwriting, and other skills.

## 1–5 (C, O, G, A, D)

add  
cod  
cog  
Dad  
Doc  
dog
