

Math News

We are finishing up Chapter 5 on Tuesday with a test. On Monday, the children will be taking a pretest in class which we will correct and they should bring home along with review pages that they can use to prepare for the test.

Chapter 6

Dividing by a one digit number

We will not begin this new chapter until we return from Christmas Break. The skills we are working on in this chapter are to divide by multiples of 10, 100 and 1000, work on number sense using place value and models, divide with remainders, understanding remainders, and distributive property and partial products,
