

Mrs. Sheehan's Classroom News

3rd/4th Grade

Jan. 7-11th
IB focus: Principled

New IB UNIT OF INQUIRY

Our IB unit's central idea is "*Natural resources, landforms, and weather influence trade and our economy.*" The week before Christmas, we began our unit by learning about different landforms. This week the children will partner up and use their textbook and internet resources to begin creating a map of Washington state. They will be adding the landforms, water forms, and boundaries in Washington state to their map.

Religion

Chapter 6: Making Good Choices

In this chapter, we will be learning about the path to conscience formation, the process of making good moral decisions, and the use and consequences of a free will.

2nd Step/SEL

Lesson 10: Introducing Emotion Management

In this lesson, the children will be discussing emotions that they experience and how to deal with them. A homelink will be coming home on Tuesday night and is due back by Friday morning.

If you notice in Powerschool/Religion that your child has a missing homelink for the bullying lessons be sure to have them complete the link and turn it in as soon as possible.

Math and ELA

All Math and ELA classes will be sending home emails to parents and posting on teacher classroom web pages information about their math and ELA classes.

Each math class will be going to **Robotics** once a week. The class is instructed by Mr. Huntamer.
