

Mrs. Sheehan's Classroom News

3rd/4th Grade

Mar. 11-15
IB focus: Risk-Takers

New IB UNIT OF INQUIRY

We are completing the last mystery for this IB unit. We have already analyzed the advantages and disadvantages of different sources of energy, including burnable fuels and alternative (renewable) energies. We are now ready to choose different energy sources to power a town called Bounderville. The children will come up with a plan and then write a letter to the Bounderville Town Council with their recommendation. The summative Assessment for this IB unit will be on Tuesday, March 19.

We have a "Google Classroom" page up that has some extra videos, readings, and activities. If your child forgot the classroom code it is 3gt2upv. We will continue to add more to the site.

Religion

Chapter 9: Honoring God. This chapter's focus is on the keeping the first three commandments.

We will also be reflecting on our Lenten journey throughout the Lenten season with activities, prayer services, and projects.

2nd Step/SEL

Lesson 13: Managing Anxiety

In this lesson the children will practice calming down and using positive self talk to help manage anxiety.

Math and ELA

All Math and ELA classes will be sending home emails to parents and posting on teacher classroom web pages information about their math and ELA classes.

Each math class will be going to **Robotics** once a week. The class is instructed by Mr. Huntamer.
