IB Unit of Inquiry

Central Idea: Weather Patterns Influence Climate

This week our focus is on the question, How can we predict when it's going to storm? In this Mystery, students learn how to make predictions about the weather by observing clouds and their changes. We will be creating a "Weather Watcher's Journal" to observe the sky. They will be drawing the clouds, noting wind direction and weather (sunny/cloudy, warm/cold, windy/still) and predicting the next day's weather. Some days this will be done at home and some days done during class time.

Religion

God Our Creator and Father

Session 1 Faith Summary

We believe in God our Father, who created the world out of love for us. God wants us to know him and love him through the beauty of our world that leads us to him.

Prayer focus for the Unit

The Apostles Creed as well as Father Brad's prayer focus of "The Guardian Angel" prayer.
