

Hello P-3 Parents,

Although we have not had a full week of school as of yet, the P-3 students are quickly becoming "Professional Preschoolers". They are settling into our simple routines and procedures, and

morning drop off is now a smooth transition. (Well, for the most part, ). They have experienced P.E in the gym, Music Class with Miss Joan, and greatly enjoyed our own preschool play yard.

The Preschoolers have loved our time with "Chicka Chicka Boom Boom". We wrapped up our unit with a fun art project where the students glued the letters of their name "up the coconut tree". This alphabet classic by Bill Martin, Jr. never gets old!

Next week we will jump into our IB unit of study, "We Have Friends at School". This unit allows us to practice different ways to build friendships, delve into cooperative play, and learn to problem-solve. We facilitate this by demonstrating kindness, sharing toys, and getting along with our classmates. We will practice how to say, "Can I play?" ; "You can use it when I am done!"; and "I am sorry". We will also practice how to say, "Help, please", and "May I be excused?" after eating. Additionally, we will explore the changing season, check on the scarecrow in the St. Luke Learning Garden, and will learn about autumn apples. The fun awaits!
