

Dear Parents,

We hope you had a fabulous Christmas and are ready to start a brand new year!

Just a few reminders:

1. The schedule for the week is attached!
2. We will be asking that the children have some materials ready to go for the science activity on Tuesday afternoon so that they will be successful. (list below)
3. The 1-1 schedule is below. We are looking forward to working individually with your child during that time.
4. Friday January 8th will be your scheduled pick up of new materials. We ask that you return these books to school that students no longer need: The Case of the Gasping Garbage, Molly's Pilgrim, The Orphan of Ellis Island, and The Matchbox Diary. Please let us know if you are unable to pick up on Friday. Students will need these materials by the following Tuesday for ELA.

Mystery Science materials needed:

Sheets of paper 8 ½ by 11

Ruler

Scissors

Hardcover books (maybe four or five for weight)

Bridge Challenge worksheet (digital will be available)

Students can use pennies, paper clips, beans, rice or other items at home to serve as weights in the experiment.
