UPDATES

NOTABLE EVENTS AND HAPPENINGS

2/21 -Presidents Day, No School

2/22 - 100's Day, 100th Day of School and 2-22-22 Day!

3/2 - Ash Wednesday

3/11 - No School, Teacher In-Service

February might be a short month but it sure is packed with fun! This Tuesday we are celebrating our 100th day at school and 2's day: 2-22-22 on a Tuesday. The school is planning many fun filled activities, such as an opportunity to dress in two themed items: tutus, wearing 2's, two hair buns, or wearing two different shoes. We are still having our focus on celebrating 100's day and dressing like we are 100 years old. I can't wait to see how creative everyone will be with the celebrations on the same day.

We have been diving into our inquiry of how families live around the world is shaped by environment. We are learning all about families and countries around the world and how their natural resources are reflected on their environment. We would love to make this inquiry more personal to the students by inviting parents to talk to the students in our classes about the countries they are from. If you are interested in coming in or having a zoom meeting, please let your classroom teacher know.

ELA:

- Decode and encode CVVC words with *ai*, *oa*, *ea*, and *ee*
- Decode adjectives
- Read fluently and understand literacy and information texts
- Read and understand new vocabulary
- Form and support opinions
