

Dear Parents,

It is auction weekend! We have been going through the online auction list of items. Wow, there are so many great items to bid on but we keep getting outbid. We hope to see many of you at the Gala Saturday night! Even if you are not able to come to the gala, there are so many opportunities to participate and help our school. We are so looking forward to seeing turf on the big field and less dirt in our classrooms. Please donate to the Fund a Need!

The spring Maps Testing is scheduled for Monday, May 23 - Wednesday, May 25. It's important that everyone be present for the tests so we don't have to do a makeup test. We will remind the children to do their best on the test and take a break when they are losing concentration. Be sure to have them get plenty of sleep and eat a good breakfast.

A few children have missed school for various reasons and we want to remind you that the daily schedule is both on the St. Luke web site and our homeroom google classrooms. We post everything we are doing on this schedule and generally have a corresponding google classroom with the digital work pages, hyperdocs, videos... that the children need so they don't fall behind. It is really just the math that we would have to assign to them from ConnectEd or have you pick up from the office.

We looked at the calendar today and were surprised that we only have 5 weeks of school left. Not sure why it is such a surprise since we've looked at it when making plans but it just hit us for some reason. There is so much more we are hoping to do with the children and so few days to accomplish it. Below are all of the important dates that are coming up. We are hoping to plan some special activities for the last week of school but those will be a surprise for the children.

Important Dates (Mark your calendars):
