

Classroom News

This week in Grade 4

Upcoming Events

Mass of The Holy Spirit: 9/12

Student Pictures: 9/14

PYP Academic Night: 9/21

MAP Testing: 9/24-9/26

Free Dress Friday: 9/30

This week in 4th Grade we focused on team building, growth mindset, IB attributes, and how our words can be powerful.

This coming week we will begin our academic journey into 4th grade! In our first Math unit, we will think and talk about what it means to do math and to see him or herself as a "doer" of mathematics.

In our Religion class, we will learn as a class that God's love for us is revealed through his creation.

Our IB unit of inquiry is government systems and decisions affect equal opportunities and social justice. We will be exploring this in our Social Study class.

In ELA we will be taking a spelling inventory, beginning our novel study by reading *My Side of the Mountain* and in writing, we are starting our narrative unit working on creating and developing stories and characters that feel real.

We also will be launching our GENIUS projects, beginning with a brainstorm and then narrowing down our highest interest.

Reminders

Read 15 minutes every
night!
