## IB Attribute of the Month

- Inquirer - Students want to know more about the world. They are willing to engage in explorations that will lead to discoveries. They are eager to ask the questions that will help them answer those questions.

## This week in Grade 4

This week in 4th Grade we focused on how Jesus wants everyone to be part of his community, the Church, started unit 5 in Math & completed our Summative Assessment of our Government Systems Unit.

This coming week we will be continuing Unit 5, Numbers and Number Patterns.

In our Religion class, we will learn that Jesus calls the church to continue his mission.

Our IB unit of inquiry is Humans are impacted by the continual changing of the Earth. Based on our school-wide theme, we will focus on being inquirers and knowledgeable during this unit. We will be completing mystery science units focusing on "The Birth of Rocks"; a unit that dives into volcanoes, weather, and erosion.

In ELA we will complete a new spelling list, and continue our journey into reading non-fiction about Washington State Volcanoes. In writing, we will continue personal and persuasive essays. In grammar, we will learn about progressive verb tenses.
